

Cabriodach- Versiegelung

Convertible roof sealant

High-value sealant based on organic fluorine resins waterproofs and protects all fade-resistant textiles such as convertible fabric tops, tents, outdoor textiles, etc., from wet and dirt. Creates a colour-intensifying, stain repellent and hydrophobic effect.

page 1 of 1

Areas of use

Convertible roofs, tents, outdoor textiles, etc.

Recommendations for use

Clean the textiles and rinse thoroughly until all surfactants (cleaning agents) have been completely removed so that the fluorinated resin can interlink with the surface. Leave the surfaces to dry thoroughly. Shake before using. Spray on horizontally then vertically from a distance of approx. 30 cm. The sealant is dry after approx. 10 minutes. After use, turn the can upside down and spray the nozzle empty.
